SUMMARY

Full-Stack Developer focused on building systems that solve real business problems, automate processes, and improve operational efficiency. I design and develop web applications that help businesses reduce manual work, manage data effectively, and deliver better user experiences. With a background in Accounting, I bring a strong understanding of business processes and financial workflows, allowing me to build solutions that are not just functional, but aligned with real-world business needs.

EXPERIENCE

AremxyPlug

Feb 2025 – Jan 2026

Frontend Developer

- Built responsive web applications that improved user experience and accessibility across devices
- Translated UI/UX designs into functional interfaces, helping streamline user interactions
- Integrated backend APIs to enable real-time data flow and smoother user operations
- Optimized performance, reducing load time and improving application responsiveness

Thinkitive Systems

November 2023 – January 2024, Ilorin

Software Developer

- Developed backend systems that supported scalable application performance
- Built user interfaces that enhanced usability and engagement
- Structured and managed databases to improve data organization and retrieval
- Identified and resolved bugs, improving system stability and reliability

EXPERIENCE

Malhub

June 2023 – January 2024, Ilorin

Software Development IT Institute

- Trained in both front-end and back-end web development under industry professionals.
- Gained practical experience working on real-world projects with a focus on clean, maintainable code.
- Contributed to team-based assignments, improving teamwork and version control practices.
- Improved existing applications and optimized code readability for better performance.

SKILLS

- **Programming & Frameworks:** JavaScript, TypeScript, PHP, Laravel, React.js, Node.js
- **Front-End:** HTML, CSS, Tailwind CSS, Bootstrap
- **Back-End:** REST APIs, Serverless, Apache
- **Databases:** MongoDB, MySQL, PostgreSQL, Sequelize
- **DevOps & Tools:** Git, Docker, VS Code
- **Soft Skills:** Teamwork, Communication, Adaptability, Problem-solving

EDUCATION

Abdulrasaq Abubakar Toyin University
Bachelor's Degree in Accounting (In View)

Malhub, Ilorin

Software Development Training (2023 – 2024)

Note: I am flexible with time zones and open to remote opportunities.
